**AUDIT TYPE:**

Announced Audit

**AUDIT EXECUTIVE SUMMARY:**

Kreher Enterprises, LLC is a grower/packer/shipper of conventionally grown bell peppers, hot peppers, cauliflower, eggplant, cucumbers, sweet corn, and winter squash. The 10,400 sq. ft. facility is located at 7189 Gowanda State Rd., Eden, NY and operates seasonally during the months of July to November employing approximately 25-30 employees. Products are grown by the operation and are transported to the facility on a flatbed truck from the fields. Summer squash is field packed. Additional products are washed utilizing a recirculating dump tank treated with Sanidate 5.0, then ran through a single-pass line first with untreated water, then finished with a Dosatron delivered Sanidate 5.0 single-pass spray. The scope includes a review of the Food Safety Management System and the required documentation, a visual survey of the processing and cooling facility and surrounding grounds, and harvest crew operations. Observations of the operations and employee practices will be conducted. A HACCP system review was completed with one (1) CCP identified. A traceability exercise was conducted during the audit.

**Addendum(s)/Module(s) included in the audit:**
